

Yihong Prefab Container House Product Catalog

Product Series

Expandable Container House: 20ft and 40ft units for homes, site offices, worker dormitories, camps and resort stays.

Detachable Container House: modular site buildings for offices, dormitories, canteens, clinics and temporary compounds.

Apple Cabin: modern prefab cabins for resorts, glamping sites, tiny homes and commercial stays.

Space Capsule House: capsule-style modular rooms for hotels, tourist parks and immersive accommodation.

Trend Container House: commercial container spaces for cafes, pop-up stores, retail, events and brand displays.

Z Type Foldable Container House: foldable units for rapid deployment, temporary housing and emergency projects.

Factory and Export Support

Factory-direct production with custom layout, color, insulation, doors, windows, bathroom and interior options.

Quotation support can include model selection, layout discussion, loading quantity, destination port and installation guidance.

CE / ISO document support can be discussed according to product model, final configuration and destination market.

How to Request a Faster Quote

Send These Details

1. Country and destination port.
2. Product interest: expandable, detachable, apple cabin, space capsule, trend container or foldable container.
3. Quantity, use scenario and target delivery time.
4. Floor plan, reference drawing, room count or interior requirement if available.
5. Climate, insulation, wind, snow, fire or local code concerns.
